

Circular Computing™ Silver Partner
awarded to

Delfin IT

who has committed to help create a more
sustainable future for people and planet.

Every laptop delivered will create the following
positive impact:

600
kg of sequestered
carbon emissions

190,000
liters of water saved

380
kg of carbon
emissions prevented

1,200
kg of resources
preserved

5
trees planted

0%
e-waste produced

The above partner is authorized to supply Circular Computing™
products and use the associated reseller logo

*Thank you for your commitment to sustainable IT
and Circular Computing™*
